DETAILED ACTION

Allowable Subject Matter

1. Claims 1-15 and 21-26 are allowed.

The following is an examiner's statement of reasons for allowance: As the claims were read and interpreted in light of the specification, the prior art of record fails to specifically disclose a visual image display comprising, in particular, a fiber-optical faceplate positioned over a suspended particle device. Although Saxe (U.S. Patent No. 4,407,565), Ishii et al. (U.S. Patent No. 5,148,297), Hubby, Jr. (U.S. Patent No. 5,181,130), Check, III (U.S. Patent No. 5,463,491) and Silverstein et al. (U.S. Patent Office 6,339,463) teach similar features to that of the claimed invention, none of these prior art reference specifically discloses a visual image display comprising a fiber-optical faceplate positioned over a suspended particle device. As a result, allowance is proper.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
